Signature: _____

Note that FCRA's review and approval of the submitted Development Plan does not constitute a grading or building permit, nor an approval by the appropriate municipality's planning, engineering, or public works departments. This review is only to confirm compliance with the Chaffee Crossing Master Development Guidelines. Each application is required to secure all necessary approvals of the appropriate municipality in addition to FCRA's approval of the project prior to beginning grading or construction. This checklist is provided for informational purposes to assist developers with coordination of reviews by FCRA and the corresponding municipality related to the proposed project.

Checklist of items to be provided with this application:

- FCRA Development Plan Application Form- **all three (3) pages. Page 1 must be signed.**
- Site Survey or Current Plat
- Date of expected City of Fort Smith or City of Barling Application date: _____
- Date of expected City of Fort Smith or City of Barling Planning meeting date: _____
- Date, time, and location of Neighborhood Meeting (if required by the municipality): _____

ALL SUBMISSIONS MUST INCLUDE:

- Digital copy of the development plan with clear title information displayed
- Preliminary Plat or Development Plan showing the following:
 - Names, addresses, and contact information for developer
 - North arrow & bar scale
 - Phase numbers and boundaries, if applicable
 - Building setbacks
 - Proposed street layout
 - Existing streets and rights of way adjacent to the project
 - For non-residential, locations of proposed buildings and parking areas
 - Location and size of proposed signage
- Landscape Plan showing the following:
 - Buffer widths and proposed plantings (species, count, and location) where applicable along street right of ways and adjacent properties
 - Common Area landscape plantings (species, count, and location)
 - For non-residential project, parking lot landscape plantings (species, count, and location)

For RESIDENTIAL PROJECTS, plans must include:

- The lot/unit count per phase
- Lot layout with lot dimensions and areas
- Representative example floor plans of proposed units/homes conveying the general size and planned structures
- Representative color elevations with materials noted or photographs of proposed units/homes; images shall convey the exterior quality and materials of the planned structures

NOTE: FCRA requires 100% high-quality exterior materials. If materials not listed in the FCRA Development Guidelines booklet are proposed, a table must be included stating the percentage of each material to be used on each side of the structure.

- Representative sketch or photo of proposed monument signage (if any) including dimensions, materials to be used, and lighting plan (if any)
- Cut sheets for proposed public space items such as:
 - Streetlights (poles and fixtures)
 - Mailboxes
 - Street sign poles
 - Other items as planned by the developer to be placed within the public space
- Plans and/or narrative describing any proposed amenities within the project; digital color renderings and a materials list are required for buildings (including a note with if materials are not 100% high quality and the associated percentages on each side of the structure)

For NON-RESIDENTIAL PROJECTS, plans must be accompanied with the following:

- Gross floor area by use and associated parking requirements
- Color rendering showing any elevation of the proposed project which is visible from a public right of way.
- Color elevations showing all four sides of each proposed building with materials noted

NOTE: FCRA requires 100% high-quality exterior materials. If materials not listed in the FCRA Development Guidelines booklet are proposed, a table must be included stating the percentage of each material to be used on each side of the structure.

- Representative color sketch or photo of proposed signage (if any) including dimensions, materials to be used, and lighting plan (if any)
- Cut sheets for proposed public space items such as:
 - Streetlights (poles and fixtures)
 - Mailboxes (if applicable)
 - Street sign poles
 - Other items as planned by the developer to be placed within the public space
